

## The Sylvaner Revolution!

Stefan Vetter + Peter Leipold

Stefan Vetter is a visionary who has been championing the underappreciated Sylvaner grape for years. Thanks in part to him, Sylvaner is the new 'it' grape of Germany. His vines are in the middle of nowhere and his wines are aggressively fresh and super low alcohol (both are only 10%).

On the other hand, young Peter Leipold has managed, in just a few vintages, to bring his family's estate from relative obscurity onto the cutting edge. Klaus Peter Keller (aka Germany's greatest winemaker) has proclaimed him "a young genius...He has a special feeling for wine, something you don't learn at school. His wines touch my heart."

Both of these winemakers are at the forefront of the Sylvaner Revolution in Germany. Don't miss out!
